

POLAND DESIRES TO PURCHASE WAR SUPPLIES OF U. S.

Polish Government Anxious to Obtain Authorization to Permit Recruiting in America—Claim Some Former Vets of World War Have Offered Their Services

WASHINGTON, Aug. 12.—(By The Associated Press.)—Moved by the reiterated pleas for aid from the Polish government the war department has under serious consideration today the request of Prince Lubomirski, Polish minister, for permission to purchase war materials from the United States.

After successive conferences between the Polish minister and Secretary Colby the state department also took up the problem of finding means of reinvigorating the fast ebbing strength of the Polish state and thereby of fulfilling the assurance of support to the Poles contained in the recent American note to the Italian ambassador.

Polish officials here explained today that, in addition to the desire for war materials they were most anxious to obtain authorization to permit recruiting in America for the Polish army. It was said that not only had many offers of enlistment been received from Polish citizens resident in the United States, but that many offers had come from former American veterans of the world war.

The Polish government it was said officially at the legation today had not made a formal request for the extension to it of so unusual a privilege. A same time, it was conceded the privilege was one of which Poland would gladly avail itself if tendered.

While a statute forbids enlistment of armed expeditions in the United States for employment against a friendly power, some officials explained, the authorities would suspend operation of the law under his war time powers. The raising of recruits by Poland under the leadership of Paderewski before the United States entered the war, it was recalled, was agreed to by the American government and large numbers of Poles enlisted to fight under the allies, were removed from the United States and trained in Canada and abroad.

In order to keep in closer touch with developments in Poland, Hugh Gibson, American minister to Poland, who has been home on leave will depart tomorrow for Warsaw.

The official communique announcing the intention of the French government to recognize as a de facto government that represented by General Wrangel in Southern Russia was received today. It reads:

"In view of the military successes and concentration of the government of General Wrangel as well as assurances relative to the Democratic form of his administration and his respect for former obligations of the Russian state, the government has decided to recognize the government of the South Russia as a de facto government. A French diplomatic agent will be sent to Sebastopol with the title of high commissioner."

Administration officials consider this step logical in view of the formal succession of General Wrangel to the authority of Admiral Kolchak and the Omsk government, which was recognized by both France and Great Britain.

Without foreshadowing a similar step by the United States, officials declared the action of France was in no way inconsistent with the policy towards Russia advocated in the American note to the Italian ambassador.

Reports that France's reception of Wrangel's government had led to decided differences between Premier Lloyd George and M. Herriot generally were minimized here.

FIRE DEPARTMENT HITS STREET CAR

CHICAGO, Aug. 12.—Scores of passengers on a street car were thrown to the street and injured and the car was wrecked tonight when a fire department chemical engine truck crashed head-on into the car at an intersection of two streets. Captain Michael Carnan and Pipeman Patrick Sexton, riding on the truck, were thrown to the pavement and seriously injured. The truck was forced in the path of the street car to avoid striking an automobile.

SEARCH BEING MADE FOR LIEUTENANT

Chicago, August 12.—Secret service agents and policemen were combing the city today for Lieutenant Alexander Galt McCormick, who has been missing from Camp Dodge, Iowa, since Saturday, when a shotgun of \$50,000 was discovered in his boots.

SENTENCED TO FIFTY YEARS

Kansas City, Mo., Aug. 12.—Harry Taylor, charged with participating in the recent daylight holdup of Frankel Frank & Co., in this city, was sentenced to fifty years in the penitentiary to day.

COAL OPERATORS NOT DETERMINED ON FUTURE ACTION

Have Not Decided Regarding Reopening Agreement

DAY LABORERS ASK INCREASE \$2 PER DAY

CLEVELAND, O., Aug. 12.—Bituminous coal operators representatives of the central competitive field tonight had not determined what their attitude would be towards re-opening the agreement made last spring with the United Mine Workers of America on the basis of the award of President Wilson's coal commission, according to Cleveland members of the operators committee.

President Wilson last Friday requested a joint meeting of the miners and operators' scale committee to be held here tomorrow to consider making a new deal in wages for laborers employed by the day or month in the soft coal mining industries.

The central competitive field comprises mines in Western Pennsylvania, Ohio, Indiana and Illinois. The reopening of the agreement was demanded by the Illinois miners in their strike which ended two weeks ago by miners in most of the union sub-districts of Ohio and by the Western Pennsylvania organization. The Illinois day laborers struck for a \$2 day increase resulting in shut-down of many mines in that section.

At the request of President Wilson they returned to work when he promised to ask that a conference be held to consider adjusting "any inequalities" in the commission's wage award.

It is understood some of the operators' representatives in this section strongly oppose tampering with the present wage scale for laborers.

While officials of the union have not presented any formal wage demands, it is understood they will request that day workers in the central field be given an increase of \$2 a day over their present maximum of \$6 a day.

COMMITTEE WILL REPORT FAVORABLY

NASHVILLE, Tenn., Aug. 12.—The committee on constitutional conventions and amendments of the Tennessee senate after a hearing on the federal woman suffrage amendment ratification resolution announced tonight that it would return a favorable report on the resolution tomorrow.

A similar committee of the house, which conducted a joint hearing with the senate committee announced that it would report until Monday. This action means legislative leaders said that the suffrage amendment will not be finally disposed of tomorrow as suffrage leaders had planned.

MOULDERS' HELPERS STRIKE AT QUINCY

QUINCY, Ill., Aug. 12.—Five hundred moulders' helpers who walked out in the stove and machine foundries of Quincy this morning by their action left 600 moulders and their apprentices without work and entailed a general shutdown in the foundries of the city.

Failure to obtain union recognition is generally assigned as the cause of the strike. The Helpers' Union being formed three months ago.

The men last spring presented a demand for a new wage scale with 80 cents an hour as the maximum pay which has never been finally accepted by the foundries.

GREAT BATTLE IN PROGRESS NEAR WARSAW

Warsaw, Aug. 11.—(By The Associated Press.)—A great battle is being fought in the vicinity of Pultusk, about 35 miles north of Warsaw, where the Bolsheviks have launched a violent attack intended to oust the Poles from the town "at any price."

Today's communique says the volunteer Polish regiment counter-attacked with bayonets. Heavy fighting on various other parts of the front is reported. The Bolsheviks are continuing their efforts to cross the Sereth river but have been repulsed with heavy losses.

PREMIER MILLERAND GIVES OUT STATEMENT

Novon, France, Aug. 12.—Premier Millerand in the course of a reception here today on his trip thru the liberated regions, said: "The allies are united and will remain so. There are unavoidable differences, due to the different characteristics of the nations, but their bond of unity was forged amidst severe trials, and a union firmly formed in such conditions might not be dissolved."

Bulletins From Here and There

WEST FRANKFORT, Ill., Aug. 12.—This city was quiet tonight after the departure this morning of the last contingent of Illinois militiamen, sent here following the anti-Italian demonstration.

BERLIN, Aug. 12.—Heavy fighting east of Mlaw, the important city on the Warsaw-Danzig railway reported in Bolshevik hands is told of in a special despatch to the Norddeutsche Allgemeine Zeitung. The Poles it adds have retreated to Soldau.

HEBRON, Neb., Aug. 12.—Frieda Bostelman, 18, of Chester, died of poison administered by her father, Fred Bostelman, on the day before she was to have been married, according to a verdict rendered by a coroner's jury here today. He objected to the marriage, it was said and gave the girl poisoned candy.

CRIPPLE CREEK, Colo., Aug. 12.—Walking thirty miles over the mountains in a rain storm when a washout halted his train on the Colorado Midland, William Ziensenhene rejoined his wife and family today after eighteen years absence during which Mrs. Ziensenhene had remarried and been widowed by death. The man had suffered loss of memory for twelve years.

PEORIA YOUNG MAN VICTIM OF BRUTAL MURDER

Two Under Arrest Suspected of Crime—Search for Third

MURDERED MAN WAS LITERALLY BTCHERED

PEORIA, Ill., Aug. 12.—With the arrest this afternoon of James Edward "Red" Murphy, ex-convict and Peoria taxi-cab driver, and Ed Umphenour, former saloon-keeper, city and county officers tonight were searching for the third man a "stranger," in connection with the brutal murder last night of Harry Caulkins, 21, son of a local restaurant keeper, whose body was found early today, one and a half miles north of East Peoria, concealed in a clump of underbrush.

Caulkins had been stabbed eighteen times, his head badly crushed, his throat cut from ear to ear and his abdomen slashed. A detail of police found the body after Umphenour had told them he thought his friend Caulkins had met with foul play.

It is alleged the four men went to Caterpillar Trail in Umphenour's motor car to secure liquor and that Umphenour had given Caulkins a sum of money with which to make the deal Umphenour, it is said, was dropped from the party before the place was reached.

Murphy was taken tonight to Pekin and is being questioned by District Attorney Black, of Tazewell county. Murphy proclaims his innocence.

I. T. U. PROGRESSIVES MET IN SEPARATE HALL

ALBANY, N. Y., Aug. 12.—Delegates dissatisfied with the proceedings at the annual convention of the International Typographical Union led by President-elect John P. McGraw of New York, met in separate hall tonight and laid the ground work for what was termed a "progressive organization." They charged that a certain few men were "railroading" the convention and that the "steam roller" had flattened reasonable opposition to reports of commissions.

Several propositions relative to new writers unions were referred to the executive committee.

The convention favored the organization of copyholders, Quebec was chosen for the 1921 convention.

TENNESSEE SUFFRAGE ADVOCATES OPTIMISTIC

Nashville, Tenn., Aug. 12.—The eve of the vote in the Tennessee legislature on ratification of the federal woman suffrage amendment brought optimism among suffrage advocates.

Governor Roberts declared tonight that adoption was assured in both houses tomorrow "unless something miraculous occurs."

Suffrage leaders in both houses reported further accessions to their strength and pointed to the victory won today—the second of the session—when the house tabled a resolution which would have prohibited consideration at this session either of passage or rejection of the ratification resolution.

SEVEN YEAR OLD BOY RUN DOWN BY AUTOMOBILE

Cedar Rapids, Iowa, Aug. 12.—While endeavoring to get from his companion, Frederick Murray, aged 7, unknowingly ran in front of an automobile here this afternoon and was thrown to the pavement suffering a fractured skull. He was hurried to a hospital, but died before the institution was reached.

NEBRASKA CROP REPORT

Omaha, Neb., Aug. 12.—Prediction that Nebraska will produce 214,964,000 bushels of corn this year, an increase of 30,778,000 over 1919 was made in an August crop report issued today by the United States bureau of crop estimates and the state department of agriculture.

Receives Invitation to Talk at State Fair

GOVERNOR COX SENDS GREETINGS

MARION, Ohio, Aug. 12.—A trip by Senator Harding to the Twin Cities of Minnesota in September, to speak on agricultural issues at the state fair, is under serious consideration.

An invitation has been on the senator's desk for several weeks, and after a conference today with Minnesota Republican and agricultural leaders he said he felt strongly inclined toward acceptance. He added that should he go he did not intend to speak at any other western and northwestern state fairs to which he has been invited.

That the candidate also is thinking of the tariff issue as a permanent feature of his campaign was revealed by him in making public a telegram to California regarding the fruit industry. The telegram said the Republican party would stand for protective schedules to prevent injury of American interests by after-war competition, and Senator Harding added that he felt the tariff question was bound to come more and more to the front during the next few months.

While he was at work on the speech he will deliver tomorrow at the Republican Editorial Association, Governor Cox passed thru Marion on his way to Camp Perry, Ohio, and sent him this message of greetings:

"Tell Senator Harding that I wish him good health and good luck in everything but one."

When the message was delivered to the senator he smilingly replied:

"That's generous enough of the governor, I'm sure."

The outcome of the Ohio primaries Tuesday also was discussed by Senator Harding and Mr. Garford, and the senator expressed satisfaction with the Republican nominations made. He said that he considered that the party had chosen a strong ticket and that he could heartily commend it.

September 6, Labor Day, was the date suggested for Senator Harding's Minnesota address. It probably will be his first speech of the campaign outside of Ohio. Party leaders also are understood to have given consideration to the state fairs of Iowa and other states. All will be left to the decision of the speakers' bureau.

The nominee indicated today that he might have some comment to make on the next few days regarding the present European situation but he would not say whether that would be touched on in the speech tomorrow. He said he had not yet found time to read the state's department's Polish note.

He worked late tonight preparing the address for tomorrow, which will follow a luncheon at a downtown hall.

CONFERRED RADICAL ARRESTED IN CHICAGO

CHICAGO, Aug. 12.—Herman G. Hofmann, confessed radical and member of a gang headed by John Alexander, police said, was arrested at his home here today. With the arrest of Hofmann members of the detective bureau said they gained considerable information regarding the activities of the band, three alleged members of which were seized several days ago.

Hofmann, who returned from Germany two months ago, admitted, the detectives said, that he had been in that country spreading Bolshevik literature and conferring with allied members of the alleged international organization.

NEW YORK, Aug. 12.—A subpoena was issued today for the appearance of John J. McGraw, manager of the New York Giants, at the district attorney's office tomorrow, to tell what he knows of how John C. Slavin, musical comedy actor, was injured following a scuffle early Sunday morning.

The subpoena was issued following failure of McGraw to appear today, as promised by his counsel, and following testimony of the taxi driver who took McGraw and his friends home from the Lambs Club the morning of Slavin's injury.

EARTHQUAKE TREMORS LASTED 33 MINUTES

Mexico City, Aug. 11.—Violent earthquake tremors which lasted for 33 minutes were detected by the seismograph in the government observatory today. Experts declared the center of disturbance about 2,200 miles distant. The vibrations were repeated 35 minutes later, presumably after circling the globe, scientists said.

It is believed the earthquake was severe at the point of disturbance but that it was destructive only over a limited area.

PROPERTY VALUATIONS IN MISSOURI INCREASES

Jefferson City, Mo., Aug. 12.—The total valuation of all classes of taxable property in Missouri for 1920 is \$2,604,190,174, an increase over last year's valuation of \$200,736,844, according to the final report of the state tax commission to the state equalization board, made public yesterday.

OBSERVE ANNIVERSARY

South Bend, Ind., Aug. 12.—The one hundredth anniversary of the founding of the Brotherhood of St. Joseph, was observed today at Notre Dame university. Representatives of the order from France, India, South America, Canada and all parts of the United States were present.

FOUR CANDIDATES REMAIN IN RACE FOR GOVERNORSHIP

Race Lies Between Oglesby, Small, Woodruff and Carlstrom

MANY WITHDRAWALS WERE RECEIVED

SPRINGFIELD, Ill., Aug. 12.—Four Republican candidates for governor were left in the race by the last hour withdrawal of Harrison Parker of Chicago. The four who are in to stay, the time for withdrawal having passed, are Oglesby, Small, Woodruff and Carlstrom.

Other withdrawals presented late last night or arriving in today's mail were as follows: State senator, 50th district, Jesse E. Miller, Republican, Cairo.

Representative 2nd district, Andrew Olson, Republican, Chicago; 9th district, Stanley W. Banes, Republican, Chicago; 14th district, Nicholas L. Johnson, Republican, Batavia; 22nd district, Charles E. Bainbridge, Republican, Danville; 27th district, Michael Plunkett, Democrat, Chicago; 29th district, John T. Farrell, Democrat, and Thomas B. Fawcett, Republican, both of Chicago; 31st district, John O. Longbehn, Republican, Chicago; 43rd district, Roscoe H. Quick, Republican, Flat; 48th district, Jesse L. Kennard, Mt. Carmel and Ivan Wright, Lawrenceville, both Democrats.

Swallowed 50 Per Cent Bait. Indications are that proprietors of small businesses, professional men and women, clerks and stenographers by the thousand, accepted the bait of "fifty per cent profit in 45 days." Agents working in offices and factories interested large numbers, particularly Italians. The mystery of Ponzi's methods added to the attractiveness of his promises. It is said in many cases the possibilities of profitably exchanging American dollars for French francs and francs for Italian lire and the latter for something else, seemed plausible enough without a clear comprehension of just how the thing worked out. Among the amazing disclosures was that the bulk of Ponzi's millions were gathered in after the postoffice department had begun its investigation last February. Chief Postoffice Inspector Hal B. Moseby said tonight that so far as investigation had shown, Ponzi had never done any business in international reply coupons. He said he had warned hundreds of people against Ponzi when inquiries began to come in last February that no one could manipulate international reply coupons in any such manner as they alleged Ponzi had explained to them.

In reply to inquiries, Inspector Moseby said:

Investigation Leads to Europe. "Our attention was first called to Ponzi's operations last February when inquiries began coming in and an investigation was undertaken. Since that time we have been working in Europe and elsewhere."

"As a result we have obtained conclusive evidence that there has been no abnormal issue or redemption of international reply coupons, while on the other hand, in some countries the use of coupons has been greatly curtailed to prevent this very scheme."

"There is no means by which a man can manipulate international reply coupons. Ponzi's claim that he has made millions in this way is a stupendous fraud."

"The entire issue and redemption of international reply coupons, not through the postal union for the past six years would not aggregate \$500,000."

"Some countries, fearing manipulation of the coupons, discontinued their issuance or redemption months ago, some of them, particularly Italy, prior to the time when Ponzi claims to have started his business."

"The best evidence that he did (Continued on Page Four.)"

The rolling pin has been suggested as a party emblem.

What a marvelous spectacle it will be if Bryan and Tammany support the same ticket.

Lloyd George says England is ready "for peace or war." That would make a good slogan for the man who "kept us out of war."

If the U. S. had accepted the league of nations treaty without reservation we would now be organizing an army for overseas duty.

FOUR-SQUARE HARDING.
Men who heard the Harding speech of acceptance assert that its delivery was on the same high standard as its literary composition. Harding is not only a successful business man, capable legislator, and sound statesman, but an effective orator. Under any and all circumstances and conditions, he will be a credit to the nation as its spokesman.

CHEER UP.
Holders of depreciated government bonds should get some satisfaction out of the reflection that the bonds are worth more than they would be if they were selling more bonds to maintain an army.

A BORROWED PLUME.
The Secretary of the Treasury, reporting on the condition of the Federal Finances for the fiscal year, gives the Democratic Administration all the credit for the surplus and is silent with respect to the part played by the Republican Congress in bringing that about. But that will not have much effect on the November elections.

CENTRAL ILLINOIS FARMS.
Despite the fact that the outlook for corn in this vicinity is not promising, farm values are holding their own. In some instances owners are asking more for desirable farms than they did a year ago. The demand for farms is not so brisk as it was at this time last year, owing to the disappearance of speculative buyers. These have abandoned the market because of the increase in interest rates and the general disposition to discourage speculation. Farms now changing hands are passing into the hands of men who expect to hold and operate them.

Since prices now show no indication of sagging, dealers generally are of the opinion that values are pretty well stabilized. They even look for higher prices on the best land. They feel morally certain such farms will go up in price if the predicted "back to the soil" movement materializes. And they declare this must come within a few years.

The fact that the 1920 census shows a decrease in the rural population of Illinois does not discourage holders of farms lands. The movement cityward, they insist, is abnormal and will not continue.

HARDING AND COX AND OHIO.
"It is a common knowledge and frequent among political workers that the nomination of the two candidates on the Democratic ticket was determined by expediency—the playing of a forlorn hope," declares the Republican Publicity Association, thru its President, Hon. Jonathan Bourne, Jr., in a statement.

"Cox was chosen because he comes from the same state as Harding, and Roosevelt was named as his running mate because he bears the name of a distinguished American. It was hoped that Cox could carry Ohio for the Democratic ticket and Roosevelt swing New York. There is no likelihood, however, that voters of New York will be misled by the use of the name of the greatest American of recent years nor is there anything to justify the hope that Cox may be able to carry Ohio against Harding.

"Study of election returns show Harding to be stronger in Ohio than is Cox. And, moreover, under ordinary circumstances, Ohio is a pretty dependable Republican state. Beginning with the election which placed Abraham Lincoln in the White House and recorded the first victory for the Republican party, there have been fifteen national elections, and Ohio has gone Republican in 13 of these. The only occasions on which Ohio went Democratic were in 1912, when the Republican party was divided and in 1916 when the country was deceived by the 'kept-us-out-of-war' propaganda. In 1912 the combined vote of the Republicans and Progressives exceeded that of the Democrats, showing that the defeat of the Republicans was due to division and not to preference for Democratic policies. Out of the members of Congress from Ohio, 14 are Republicans.

"In 1912, when Cox was first elected Governor, there was a progressive candidate in the field. Cox received 50,000 less votes than the Republican and Progressive candidates combined. In 1914 although there was still a Progressive candidate for the Governorship, Willis defeated Cox by 31,000. If he had received the Progressive vote also, his majority would have been more than 90,000. In 1916 Cox was carried through by the Wilson deception and in 1918 he won through a local issue which turned to the Democratic column a county normally Republican. His majority in 1918 was only 12,000.

"Contrasted with this record, the Harding vote makes an exceedingly good showing. Harding was elected Senator in 1914, with a Progressive candidate in the field to divide his vote. Nevertheless, Harding was elected by a plurality of more than 100,000 at the same time that Cox was defeated by 29,000 in his race for the Governorship. Harding received a total of 526,115 votes for the Senatorship. The vote for Cox in the same year was 493,367 or about 33,000 less than the Harding vote. That was the highest vote Cox received his vote in 1918 being only 486,000 or 46,000 less than the Harding vote in 1914.

"Cox never won an election that could be called a personal victory. Harding won the Senatorship even when the disadvantage of a divided party. Cox has been known as a cunning politician who could take advantage of special conditions. Harding has been a statesman who brought strength to his party ticket and received more than his normal party vote. When Cox won by the narrow margin of 5,199 in 1916, he polled nearly 40,000 fewer votes than did Wilson, who dragged Cox through. When Cox won by a little more than 5,000, Pomeroy carried the Senatorship by 35,000 and Wilson carried Ohio by nearly 90,000.

It is manifest from the figures, that the effort to play up Cox as a great vote-getter is pure fake. Cox has been clever at getting in at the right time to profit politically by favorable circumstances not of his creation."

Evil Times.
Oh, these are crucial times, my friends; each day presents its warning; and every time the night descends we think there'll be no morning. Our stationers rag us from the stand until they're in a lather, and say we're going to the dump, where all the bow-wows gather. Our sacred rights are trodden flat, our bulwarks badly shaken, and if we don't do this or that we're bound to lose our bacon. It is the bogie, gray and old, of Presidential seasons, the wrath that makes our feet grow cold, and undermines our reasons. At other times we do not think of chaos, in our hurry; our bulwarks may be on the blink, but we don't pause to worry. The country seems to slide along, and nothing yet has wrecked it, and if its works are badly wrong, we simply don't detect it. And then we put our candidates to cop the White House honor, and these potential magistrates insist in a land's a goner. If I follow wins the prize, becomes the nation's master, then we'll confront, with startled eyes, all kinds of black disaster. Once in four years we get this scare, when candidates assemble; we walk the edges of despair, and wring our hands and tremble!

OBITUARY
Raymond Gordon Vasey was born at the family home five miles west of Jacksonville, Illinois, September 1, 1905, and departed this life at the same home August 13, 1932, aged fifteen years, less two weeks.

He was the son of Raymond G. and Jeanette Ebey Vasey. Gordon was a good child and was growing up to be a fine young man. He was a Junior in the high school of Jacksonville and was making remarkable progress in his school work. He was really overgrown both physically and mentally.

His demeanor was very quiet and when among his fellows had little to say. He was very retiring when in company. He was a good worker on the farm and was a great help to his parents, especially this year when help was scarce.

He was over industrious and took great interest in the surroundings of his home. He loved nature and had a fondness for his various pets.

Two years ago he felt that he should unite with the church and begin the christian life. His first sacrament was a real triumph for him. He thus made his confession that he loved the Savior. The intention of his heart was to be good and serve the Master and his church.

He slipped out of life suddenly and left all his family and friends in the blackest of disappointment. He went away into the other life suddenly and left no tidings as to the suddenness of his going. He leaves to mourn his departure his grandmothers, parents, and two brothers and one sister, namely, George, Robert and Virginia, beside the many friends.

Our children may not abide; the earth sounds hollow beneath our feet—it is so full of graves. Ah! how few graves are there where death has not left footprints when he came to steal away some of our sweetest flowers. Few are the trees standing on earth, from which he has not lopped off some goodly boughs.

In this world, have I not seen one and another stand bleak and branchless, and oh, how blessed for parents who have laid away their loved one and return home from the earth bed where they have tucked him away for the last time and find God waiting for them in their sorrowful home.

Swiftly and mysteriously the stroke came and we long for the secret of it but
"We are yearning for their secret."

Though we call,
No answers ever fall
Upon our dulled ears
To quell our nameless fears.
Yet God is over all, whatever may be.
And trusting so,
Patience, my heart! a little while, and we shall know.

"CARNIVAL DAYS."
(By LOUISE QUINTAL)
"Another carnival we have I see, While one has just gone out; Our city seems to be popular now So I'll try to explain in the plainest way:
What it's all about.
There will be boxing, wrestling and dancing too,
With lots of amusements and noise,
Good music they say by a special orchestra.
Just to help a good cause, and also to aid
The American Legion boys.
Now there's Pa and Ma as well as the kiddies
Always like to see the minstrel man,
Then there's the wheels so deftly turned,
That will draw Kewpies, candy and ham
For the lucky one.
You know the children always want to buy
Plenty of pop corn and candy too,
So liberally spend your nickels and dimes,
To help boost the Legioners' On their way."

ANNUAL M. E. PICNIC IS HELD AT WINCHESTER

Good Attendance Marked Eighteenth Annual Picnic Held at Monument Park Thursday—Other Winchester News Items.

Winchester, Aug. 12.—The eighteenth annual burgoo picnic of the M. E. church was held at Monument park here today and proved a most successful affair. The attendance was very large, and while the rain in the afternoon interfered to some extent, those in charge of the picnic felt gratified at the results. Among those in attendance were a number from a distance who make it a custom to be in Winchester for this annual event. A complete list of the prizes awarded will appear in the Journal of Saturday morning.

Rex Shaw of Jacksonville was a business visitor here Wednesday. The funeral of the late Mrs. Jesse King was held from the Baptist church at 2:30 o'clock Thursday afternoon, in charge of Rev. W. R. Johnson of Jacksonville. The church was well filled with sorrowing relatives and friends of the deceased. Music of a suitable nature was furnished by a quartet including Mrs. Gertrude Demereth, Mrs. W. B. Clark, Messrs. C. W. Smith and George Hieronymus. Two solos were rendered by Mrs. Gertrude Demereth.

Interment was in Winchester cemetery, the bearers being James Carlton, George Wallace, Wiley Jackson, Ora Carlton, Olen Clark and William Tankersley.

Dr. William Wainwright and family and Mr. and Mrs. James Wainwright of Alton are visiting friends in Winchester.

Mrs. Alonzo Elliott of White Hall is visiting friends here and attended the picnic Thursday.

Mr. and Mrs. Charles Cooper and son Edward, Robert Mason and Miss Elizabeth Mason, attended the picnic at Manchester Wednesday.

Mr. and Mrs. William McLaughlin Jr. and Mrs. William McLaughlin Sr., and daughter, Miss Anna, were Jacksonville visitors Wednesday.

Miss Nannie Jackson, who is in training at Passavant hospital in Jacksonville, is spending a vacation at her home near Winchester.

Miss Mattie Cox has returned from a pleasant visit at Atlanta, Ga.

Mrs. James Landis was taken to a St. Louis hospital Thursday morning for treatment.

Balfour Pink—the Granite Eternal
When you erect a monument you are erecting something to stand not for a year or two but for years and years—then you must get the best. Balfour Pink has stood this test.
"In the year 1766, near what are now the quarries of the Harris Granite Quarries Company, the home of Balfour PINK GRANITE, one Michael Braun built a granite house. Today the house stands intact, the pink granite retaining its true color, and we must marvel even more at the qualities of that granite which have enabled it to withstand the successive seasons of heat and frost without deterioration."

WHEN THE HUMAN MACHINE GOES WRONG

Nature intended that each human body when in normal condition should always be healthy. Weakness and disease are therefore the results of deranged function in some part of the body due to an interference with Nature's way.

Through Chiropractic methods, every part of the body can be brought to normal and made strong and healthy because the forces of Nature have been permitted to resume their work of nourishing, strengthening and repairing worn out, weak tissues and organs.

Chiropractic helps Nature to restore and rejuvenate run-down bodies. It can make the system tingle with vigorous life-energy and do it easily, simply and naturally. While this new science will not do the impossible, it will benefit even after all other methods have proved incapable of reaching the trouble. Thousands have found full restoration to natural health through

SIMPLE HOME REMEDY ADVISED FOR HAY FEVER

Anyone Can Make a Pint for Trifling Sum and Used in Time May Prevent Annual Attack.

"No matter how severe your yearly attack be.

"No matter how distressing or humiliating.

"Its intensity can be reduced to a harmless mildness," says a Kentucky druggist, who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unconquerable cases of Hay and Rose fever reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack, the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Pour three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled. Gargle daily as directed and sniff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcline in three-quarter-ounce vials is dispensed by all the better pharmacies.

Mentholized Arcline is now in this market. It is possible that your druggist has not supplied himself, but he can get it for you from his jobber, who has a large supply.

Our Boys and Girls Are the Future Citizens of This Country

The Backbone of America

What is the Value You Place on Them?

The boys and girls of the country are the budding men and women of the future citizenship of our great America.

Why spend money to fight the radical element, which we believe is a fight for a cure? Why spend money to fight a disease after it has developed when we can, with a great deal less expense, have a preventative close at hand?

The real happy home is on the farm. The independence of the farmer is admitted by all. The working hours at times are long, but the leisure moments at times are very many. Why not make and keep the farm the real happy home; not allow the attraction of the glitter in the distant city to fill up the minds of our young folks, which we know from past experience has caused so many heartaches. We know that the success of the young people leaving the farm to go to the distant city seeking employment brought about by the attractiveness of pleasure will prove a mirage. It has proven 100 to 1, and this is not overdrawn as heartaches and trouble for exceed the few who obtain pleasure in the city.

Friend Farmer! The real backbone of our nation is our farmer. Past when the people leave the farm and go to the city, destruction overtakes them. How to keep our boys and girls on the farm then is the vital question. We believe it is solved by the use of up-to-date motor machinery, both for the field and the home. Remember, the removal of drudgery, which is by many so much overestimated on the farm, is the only means of retaining the children.

We are in position to furnish you with the machinery that does away with the drudgery both in the home and on the farm. To keep the boys and girls at their work, we must make it attractive and we can do this with very little expense when we consider the very great expense that they are at, as well as ourselves, when they leave the home.

You, of mature age, know that the purchase of labor-saving machinery is the greatest means of retaining them. You know how many of the boys and girls have gone to the city, lured by the glimmer of a good time. You remember their outcome; possibly not your children, but of your neighbors. Can you allow it to happen to your own child?

Remember the boy is interested in mechanics. Consequently, the tractor appeals to him, as well as the automobile. The tractor is a machine of necessity; the automobile a machine of pleasure. Both are necessary on the farm, to keep the minds of the children there.

In the house the little gas engine, wash machine, cream separator, milking machine, makes home attractive for the girl as well as saving the drudgery of the mother. If these machines accomplished no other result but keeping the children interested in the farm it would be well worth the money expended for them. But stop and figure, if you will take the time, and you will find that the purchase of these labor-saving machines mean a greater profit to anyone who has studied the matter to any great extent.

Why not come in and allow us to show you what big profits you can obtain by purchasing these machines, from a profit standpoint, as well as in the maintenance of a happy home.

COOLIDGE SAYS NO PARTY SHOULD MAKE ANY RASH PROMISES

Praises Harding as a Safe

Service

MUST LOOK TO SELVES FOR SUCCESS

BOSTON, Aug. 12.—Governor Coolidge, Republican nominee for vice president, addressing the Republican Club of Massachusetts at a dinner in his honor, tonight said that in these times of no man and no party ought to be rash enough to promise performance of plans for long in advance, but that "this is no excuse for failure to do our best."

He praised Senator Harding as a safe man tried in the public service, unwarped and unafraid. "We must look to the past for guidance," he said, "but to ourselves for success. To despise the past is to destroy the future. It is not in a desire for constant change, but satisfaction in the contemplation of established truth, as well as the underlying effort for improvement that character in men and parties is revealed. "It is desirable to restore our government to a more even balance."

"There is need of a strong executive but there is need of a corresponding strong congress. And the greatest need of all is that each should cooperate with the other. A gigantic task lies before us. I have confidence that it will be performed."

"Our country must reconstruct itself. The prodigal wastefulness must either cease or there will be danger of a severe economic reaction. We must have less of government interference in business and more reliance of the people on themselves."

"The times are troubled. The people are in a ferment. Unrest prevails at home. Discord is too prevalent abroad. It is a time when all must feel their way from day to day. But this is no excuse for failure to do our best."

"There will be doubt, there will be hesitation, there may be local disorders, but the heart of America is sound."

"The decision in this election will turn, not on an attitude toward world politics but on the attitude toward the home. The wives and mothers of the land directly or indirectly are going to exercise a mighty influence on the result of this campaign."

Washington, Aug. 12.—Coffee imports for the fiscal year of 1920 increased more than 398,000,000 pounds over the total for 1919. It was announced today by the department of commerce.

Dr. Harry L. Day of Exeter was a professional caller in the city yesterday.

COX OPENED HIS CAMPAIGN AT CAMP PERRY THURSDAY

"Peace by Arbitration of
Reason Rather Than
Force"

ROOSEVELT BLAMES UNITED STATES

CAMP PERRY, O., Aug. 12.—Governor Cox opened his campaign travels here today with an address at the national rifle competition urging continued American interest in marksmanship but honorable settlement of national disputes without resort to war.

"Peace by arbitration of reason rather than force" was the vision given to an audience of several hundred soldiers, sailors and citizens.

Without specific reference to the league of nations, Governor Cox said he believed universal peace was for prevention of war by amicable settlement.

"I believe every home in America," he added, "indulges the hope and breathes the prayer that we will never again engage in war if, with honor, we can keep out of war. Can we not catch a vision of it as we face toward the future?"

Roosevelt in Milwaukee.

MILWAUKEE, Wis., Aug. 12.—Endorsement of the league of nations by the United States would have saved Poland, Franklin D. Roosevelt, Democratic nominee for vice president, declared here tonight in the closing speech of the first day of his western trip.

The moral effect of American membership in the league would have halted the Russian armies without a single American soldier crossing the seas, he said.

"History will lay a great share of the responsibility for the plight of the splendid people of Poland upon the little narrow men in the United States, those little narrow men who today control the machinery of the Republican party," Mr. Roosevelt declared. "But for their desire to satisfy personal spite, the Bolsheviks would not be knocking at the gates of Warsaw."

POLICE BELIEVED REVENGE ADVOCATED OPTIMISTIC

Chicago, Aug. 12.—The body of a man found slain today near Chicago Heights, a suburb was identified tonight as Frank Gibbia, one of the two alleged members of the notorious Cardinella gang at large.

Gibbia's death, police believe, was in revenge for the murder of Santo Orlando, another member of the gang.

Gibbia was found by George Kloss, a farmer, lying beside the road dying after the farmer heard several revolver shots and an automobile speed past his house.

TWO CONVICTS REPORTED INNOCENT

New York, Aug. 12.—Two Croats, serving 16 years in Sing Sing for alleged partnership in the holdup of a sailors' boarding house here more than a year ago, are innocent, and legal machinery has been started to effect their release, Assistant District Attorney Bohan, who prosecuted them, announced today. Confessions of three holdup men arrested in Milwaukee early this year have exonerated them, Mr. Bohan said.

WRESTLER SUFFERS SERIOUS INJURY

Emporia, Kans., Aug. 12.—Joe Schachtley of Ogden, Utah, who was injured here last night when he fell thru the ropes to the floor during a wrestling match is still unconscious tonight and physicians express little hope for his recovery. He suffered a concussion of the brain. Officers said tonight no action would be taken against Jack Fisher of Emporia, his wrestling opponent.

U. OF I. FACULTY HAS MANY MEMBERS

Champaign, Ill.—So broad and diverse is the work of a great university that the staff of the University of Illinois numbers one member for every nine students, by the university.

Student enrollment for the past year ran over 9,000 while officers and faculty totaled 1,026. In addition there were 266 other employees, such as janitors, men on the grounds, farm, etc.

The roster of faculty and officers starts with 17 administrative officers, 12 deans and assistants, and five directors and assistants. Then come 107 professors with 20 associate professors, 80 assistant professors, 86 associate, and 87 instructors. Assistants add 158, graduate assistants 26, and scientific and research assistants 55.

The university library staff numbers 58, caring for a library of 444,738 volumes.

Investigation and research for the discovery of new facts or correction of old erroneous beliefs is mentioned as requiring many people and large staffs which do not staff.

PURCHASE FORMER HOME OF POET

Camden, N. J.—The humble little house in which Walter Whitman, the "good gray poet" lived has been purchased by the city from the poet's three nieces. It will be converted into a memorial museum. It will be moved to either Whitman Park or Forest Hill Park and will house the relics, books and mementoes that have survived the beloved poet. It was here that many of the poems that have thrilled their way into the hearts of the world were written. The 101st anniversary of Whitman's birth was recently celebrated by a pilgrimage of devotees to his tomb in a cemetery near here.

The house is a square wooden structure of two stories with smoky, sombre clapboard front and a tall chimney bending a bit with years.

Personality Brought Investments
"The most amazing thing, and the thing which I am not able to understand is why people invested their money with Ponzi. I can only attribute it to his personality."

"We found it difficult to talk with some people—they were so impressed."

"One of Ponzi's attractive features was the easy manner in which he talked in millions. He simply charmed, dazzled the people. He appealed to the gambling spirit of the people. He started business in a small way, depending upon reinvestments from his customers and upon the word that would be passed from one person to another."

"He did not dare to advertise in the newspapers. It was during the past weeks while his business was being exploited by the newspapers that he collected the greater part of the millions that trusting persons turned over to him."

PETITION IN BANKRUPTCY FILED

Chicago, Aug. 12.—An involuntary petition in bankruptcy against the Charles Weegman Company which operates a chain of restaurants in Chicago was filed in the United States district court today. The three petitioning creditors scheduled claims of \$12,000.

A petition filed Tuesday by creditors, who charged that big losses on baseball ventures had been made by Charles Weegman, head of the company, was denied held that there was insufficient in the circuit court. \$The court evidence.

No immediate action could be taken on the petition filed today, there being no judge sitting at the present time.

ALEXANDER
Alexander, Aug. 12.—John and Will Colwell went to Waverly today for the American Legion picnic.
Misses Katherine H. Kaiser and Anna Colwell were visitors in Jacksonville today.
The rain here yesterday afternoon according to George Hall, United States weather observer, amounted to one and thirty-hundredths inches. He also reports that there was some hail but not enough to do any damage.
Mrs. Jack Leach and the two Chicago children whom she is entertaining at her home were guests yesterday at a chicken dinner at the home of Mrs. John Costello, south of the city.

INDOOR CARNIVAL GETS GOOD START

Large Crowds on Opening Night—Len Small Sends Pig to be Auctioned.
The American Legion Indoor Carnival started off last evening in great style notwithstanding the threatening weather. The Auto Inn was decorated and the booths and concession stands were ready for and doing business. A large crowd was present and business was active at the stands. The \$10,000 war exhibit attracted many of the curious and Frank Kirk, noted minstrel man of Jacksonville, played his curious and odd instruments before good sized audiences.
Probably the busiest place on the floor was the country store. The chances on the Chevrolet car and on the pigs sold well all evening.
Upstairs in the big dance room, Dunlap's orchestra furnished good music for all who cared to dance. The following letter was received yesterday from Len Small, candidate for governor at the Republican primary, and officers of the local post have decided to sell the pig, referred to in his communication, at public auction Saturday night.
Jacksonville Post
American Legion,
Jacksonville, Ills.
My Dear Friends:
Information has come to me that you will hold a carnival and jubilee during the present week for the purpose of building a club house, the better to continue your friendships and carry out the laudable objects of your organization.
I am forwarding you today one of the thoroughbred Hampshire pigs raised on the "Len Small & Sons Farm," near Kankakee, Ill. Dispose of it as you choose and use the proceeds to further your cause.
I deem it a privilege to contribute in this small way to further the interests of an organization which brings together all classes of citizens and inculcates the spirit of true Americanism.
Sincerely yours,
Len Small.
The carnival will be open to night and Saturday afternoon and night. On Saturday night the Chevrolet car will be given away and also the Hampshire pig donated by Len Small will be sold at auction.
Al Baldwin, local boxer, and Pat Walsh of Springfield, fought a four round bout last evening and Kid Britt and Leo Paxton, and Young Brakeman and K. O. Johnson also were on the card.
The money raised at the carnival will be used for the building of a Legion home in Jacksonville.

LADIES, NOTICE
S. Green, the ladies tailor and dressmaker, has returned from Chicago where he went to study styles at the Big Style Show. He is prepared to show you the very newest ideas and materials for Suits, Dresses, Coats and Furs, and to create for you special designs equal to any found in the large cities. It will be wise to call early and discuss material and styles before the fall rush begins.

Mrs. Riley Cook Entertains at Dinner.
Mrs. Riley Cook entertained Wednesday at her home, 606 South Church street at a seven o'clock dinner in honor of Mrs. Frank Bailey and son, Frank, of Kansas City, Tim Delaney of Sedalia, Mo., and Miss Mary Doolin of Jacksonville.
Amoma Class Annual Picnic.
The Amoma class of the First Baptist church held their annual meeting in the church basement last evening. The event was scheduled to come off in Nichols park but owing to the rain the plans were changed and they met in the church. The members brought basket lunches and in spite of the rain had a most enjoyable time. There were a number of the Chicago children present at the picnic.
Mrs. Amanda Williamson Entertains Her Children.
Mrs. Amanda Williamson, who makes her home with her daughter, Mrs. O. E. Patterson, celebrated her 85th birthday Tuesday by preparing a 6 o'clock dinner at which she had as her guests her children, Mrs. C. E. Patterson and A. E. Williamson and their families. This is no small undertaking for a woman of her age and is indicative of her general good health and activity.
Congregational Women Held Pleasant Meeting.
The Ladies Circle of Congregational church held a most pleasant meeting Thursday afternoon at the home of Mrs. James I. Barrows, 711 West College street.
The weather conditions were unfavorable there was a good attendance and the time was passed in a social manner. During the afternoon refreshments were served. The hostesses for the afternoon were Mrs. Burrows and Mrs. S. W. Nichols.

WATER RISES FAST IN MAUVAISTERRE LAKE

Rose Sixteen Inches in About Four Hours After Rain—Shows Magnitude of Watershed Feeding Lake.
Carl Conkley, an employe at the south end pumping station, reported last night that the water rose sixteen inches in Mauvaisterre Lake in about four hours' time Thursday.
The heavy storm which passed over the city about 3 o'clock came from the southeast. Evidently it was extremely heavy southeast of the city. At 8 o'clock Thursday evening the lake showed a rise of sixteen inches and was running thru the opening cut in the levee tower during the high water last spring.
The rise of water is remarkable when one considers how dry it has been for several weeks. However, it also shows that a vast water shed is drained and that it will only take one or two good rains to fill the basin to overflowing.

With the Sick

Mrs. Otto Phelps and baby daughter returned to their home on South Webster avenue from Passavant hospital yesterday.
Miss Hazel and Walter Afor of Concord returned to their home from Passavant hospital Thursday.
Mr. and Mrs. August Waggoner, of Carrollton spent Thursday with their son, Lloyd, who is a patient at Passavant hospital. Robert Allan of the Riggston neighborhood underwent an operation for appendicitis at Passavant hospital Thursday morning. He is reported as doing as well as may be expected.

A WELCOME RAIN
Shortly after noon yesterday a welcome rain came and soon after a second shower fell and a man said he heard they had a good rain at Springfield and this side; a man five miles south reported an unusually heavy rain while another telephoned up from Murrayville that the rain there was very slight.

ASSESSMENTS ARE CUT IN SEWER CASE

Jury Cuts Assessments of Objectors Nearly Half—Sewer, However, Will be Built.
A jury empaneled to hear objectors to the Edgmon street sewer before Judge Samuel in the county court reduced the assessments of the objectors nearly one half. However, the sewer will be constructed which will give property owners who petitioned the council an opportunity to make their homes modern.
The objectors to the sewer were William McCurley, Mrs. Solita Uzzell and John W. Kirk. They were represented by J. O. Priest and D. J. Staley while Walter Bejlati looked after the city's interests.
The jury was composed of P. H. Lonergan, H. L. Cheney, Harry Carroll, Daniel Whalen, Charles DeSilva, J. G. Goveia, Alexander Howard, Ernest May, George DeWeese, A. J. Hoover, Thomas Myers and Louis Piepenbring.
It took only a short time to hear the evidence and receive the instructions of the court. Then the jury after a brief deliberation returned a verdict which reduced the assessments of the objectors about one half.

NUMEROUS DEATHS IN WHITE HALL VICINITY

Funerals of Five Residents of White Hall and Surrounding Territory Held This Week.

White Hall, Aug. 12.—At this writing the bodies of five residents of White Hall and vicinity await the last rites and tributes which the living can render to the dead.

Funeral services over the remains of William Teter, Sr., were held at 3:30 o'clock today in the Christian church, the discourse being delivered by Elder Francis Fowler, assisted by Pastors Howard and Carman, of the Methodist and First Baptist churches respectively. The age of Mr. Teter was 86 years and six months. He had been in frail health for the past few years as the result of paralysis, the end coming at 11 o'clock Monday at the home of his daughter, Mrs. Albert B. Smith, on East Bridgeport street. He was born in 1834 in Ross county, Ohio, and when fifteen years of age came to Illinois, and after spending a comparatively short time in Christian county came to Greene county. He farmed in the vicinity of Berdan until coming to White Hall in 1871. Here he learned the potters' trade and has resided here continuously since. His first wife died in 1880, and his second wife in 1917. During the Civil war he served as a member of Company G, 28th Illinois Infantry, and was a member of Culver, Post, G. A. R., of White Hall, also affiliated with the Christian church. The surviving children are Mrs. Charles Ballow, Jerseyville; Mrs. Albert B. Smith, White Hall; Mrs. F. A. Brooks, Arlington, Kansas; Mrs. E. D. Porter, Osceola, Mo., and W. H. Teter, White Hall.

of Private Glosier, and services under direction of the American Legion were held in Whiteside park with military honors at 2 o'clock Thursday. The discourse was delivered by Rev. Leo Howard, pastor of the A. L. church, and the singing by the Duncans. The burial was in the White Hall cemetery. His age was twenty years. He and two other White Hall boys, Carl Howard and Frank Bartlett, enlisted on May 3, 1919, and Ahern was sent to Germany almost immediately as a member of the army of occupation, and there he died from disease last January. He was the son of Mrs. Minnie Gilleland of White Hall, she having resided recently with her son and daughter by her subsequent marriage on a farm ten miles northeast of White Hall. This is the ninth death from White Hall as a result of the World War. The names are James M. Lyons, Francis Grimes, John Moore, John Fisher, Amos Walker, Sergeant Henry Don McCracken and Lieut. Adrian C. Edwards. The latter resided at Carrollton at the time of enlistment. The family originated at White Hall, and afterwards went to Roodhouse, where he attended high school. Just where he properly belonged was left to the credit of Carrollton until his return in the famous letter to his mother, written just before going into battle, that he had a premonition of death and wanted his remains placed in the White Hall cemetery, where a grave awaits the arrival of his body. The remains of Luther Andrews, credited to White Hall, were taken to Greenfield.

Mrs. Charles Eyer, aged 83 years, who spent her entire life in this locality, and the greater part of it where she died, four miles south of White Hall, died at 1 o'clock Monday, and funeral services were held at 1 o'clock today in the Baptist church at Wrights, conducted by Rev. O. A. Carman of White Hall, and also as sheriff and treasurer of Greene county. His second wife survives. The surviving children are H. C. Morrow of St. Louis; Abner of Wichita Falls, Texas; Mrs. Blanche McMasters, Claude and Ernest Morrow of Seattle, Wash.; Miner of Beardstown, Lee and Kenyon of White Hall. The funeral arrangements await the arrival of one son and the daughter from Seattle, who are expected to reach here Saturday. One deceased daughter was the first wife of Charles T. Bates of Roodhouse.

Thomas N. Rose
Thomas N. Rose, one of the most beloved among our citizens, is dead. He had been a sufferer for about a year from a cancerous condition that for the past few weeks had rendered his condition so critical that the end was not unexpected. He died at his home on North Carrollton street at 1 o'clock Tuesday. Funeral services were held in the Methodist church at 3:30 p. m. Thursday, conducted by the pastor, Rev. Leo Howard, assisted by Rev. Arthur F. Ewart, and the burial was in the White Hall cemetery. Mr. Rose was a native of Winchester, Scott county, born August 3, 1873, and his age was, therefore, a few days past 47 years. He spent a few years following maturity at Winchester, and was then located at Milton, Pike county, where he was engaged in business and served as postmaster, and where he occurred his marriage to his faithful helpmate who survives, together with their son and only child, Lyndall C. Rose.

Mr. Rose came to White Hall about fifteen years ago and was in the grocery business with Charles Crawford about three years, when the partnership was dissolved, and Mr. Rose was made cashier of the People's bank, which position he was holding at the time of his death. He was a member of the Methodist church and Masonic fraternity. He was a brother of Charles A. Rose of Jacksonville and John N. Rose of Urbana. The two sisters are Mrs. O. O. Hodges of Laredo, Texas, and Mrs. T. W. Hersley of Soda Springs, Idaho.

GAINED 20 POUNDS WHILE TAKING PERFECT TONIC

Then Mrs. Walters Says "I Can't Remember When I Ever Felt So Good Before"

Decatur, Ill., Aug. 12.—"I honestly believe Trutona saved my life, for I can't remember when I ever felt so good before, and I've gained twenty pounds in weight," says Mrs. Robert Walters, who lives in Decatur at 564 South Main street.

"My stomach had been out of shape for two years. I would swell and bloat so badly at times that I could hardly button my clothes. The gas formations would press against my heart, causing that organ to flutter, and I'd become short of breath. I was almost afraid to eat anything, because of the terrible after-suffering it always produced. The only nourishment I took for supper was a glass of milk, and often, even that, would hurt me."

"A neighbor told me of the wonderful relief she had gained through Trutona, and I decided to try it, and the result is that the Perfect Tonic has just made a new woman out of me. I can eat a big hearty meal now, and never suffer afterward. And to think, before I took Trutona, I was pale and thin and couldn't remember when I'd had a good night's sleep. My bowels are in fine condition now, and I certainly am thankful for my picking up in both weight and strength. I'm more than glad to recommend Trutona."

Trutona's healthful action reaches every portion of the body and performs its work faithfully and efficiently. Trutona rebuilds diseased nerves and tissues, creates a healthy appetite, and assists in the assimilation and digestion of the food.

Trutona is sold in Jacksonville by Coover & Shreve and in Franklin by the Wyle Drug Co. and in Waverly by the Wyle Drug Co.—Adv.

GROCE UP AGAINST IT

"I have been up against it for past 3 years suffering from pain in my stomach and side until I was considering giving up my grocery business. Doctors and medicine did not help me. I heard of Mayr's Wonderful Remedy, through a friend in Buffalo. The first dose gave me more benefit than all the medicine I had taken before and am now feeling as well as ever before in my life." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. FOR FALSE TEETH

Cleveland, Apr. 2.—Non-Skid Shock Absorbers for false teeth are the latest thing. Heretofore the principle of shock absorbers has been limited in application but now a Cleveland chemical concern advertises a powder which sprinkled upon "store teeth" forms a smooth cushion, holds them firmly in place, and gives a "non-skid" effect while they romp over the toughest roasting ears of corn and chew the stickiest candy.

One who has lost his natural teeth can supply himself with this antiseptic, adhesive comfort powder—Corega—at a drug store, and proceed to laugh and sneeze, crack nuts and do other hazardous things without risk of shaking his prized false teeth from their upper and lower berths. 35c at Druggists.—Adv.

There Was Never a Better Time to Save a Dollar

Our business depends on satisfied customers. A large store may live and not satisfy in all cases. A small business like ours depends absolutely on the good will of its patrons. That is why we repeat that our advertised items are the bargains we claim, and guarantee our statements.

Low-Cost Mileage—Get It in Goodyear Small Car Tires

There is no economy in buying so-called bargains in tires offered at seasonally cheap prices when a well-made tire delivers mileage at a considerably lower rate of cost.

Add the time and trouble occasioned by frequent replacements and it is fully apparent why tire users, seeking real mileage economy, are not attracted to very cheaply priced tires.

The popularity of Goodyear Tires, of the 30x3, 30x3 1/2 and 31x4-inch sizes, is based on the fact that they are built to deliver exceptional mileage at low cost and consistently do so.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for true Goodyear mileage, value, economy.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/2 size \$4.50 in waterproof bag

Biscuits that Banish the Paper

STEAMING-HOT, golden-crust biscuits baked at home from Valier's Enterprise flour are enough to make any man forget even the morning paper.

Just watch him sit up and smile when you set them on the table. He can tell by their very looks how delicious and wholesome they are.

Valier's Enterprise Flour

is particularly suited for all kinds of extra fine baking. It is milled exclusively from the highest grade, hard winter wheat by a special process which retains all the unusual baking qualities found only in such grain.

The slightly greater cost necessitated by its vastly superior quality is amply repaid in the end by the elimination of needless failures and by

The New Peoria Drill

We show here the king of all drills and one of the best on the markets. Why?

- I. Strong frame for the foundation.
- II. Large grain hopper that will sow every variety of small grain and grass seed. Double Run Feed.
- III. A furrow-opener which will deposit grain at uniform depth and at bottom of packed seed-furrow.
- IV. An effective and easily operated spring pressure on each disc.
- V. Convenient and easy operating levers.
- VI. Large extra strong iron wheels and many other features.

Come in and see this drill before buying.

The New Fall Mode in Dresses, Suits Coats, Skirts and Blouses

A striking collection of Fall Coats, Suits, Dresses, Skirts and Blouses. Often during the last few days patrons have expressed great surprise that Coats, Dresses and Blouses so excellent could be had this season for these prices.

If it is not generally appreciated that such good Garments can be had, an inspection of the assortments here should be well worth while.

The New Fall Dresses

Meet with such instant approval that they are sold almost as soon as they arrive from our New York Office.

In Charmeuse, Devut de Laine, Velour and Tricotine, in navy and brown they look very smart and modish.

At \$19.75 and up

New Fall Suits

In Veloure de Laine, Duvet de Laine, Gabardine and Serge in navy and dark brown.

Many of the suits are severely plain depending upon the nicety of detail and beautiful tailoring for their smartness, but others are elaborately braided and embroidered.

At \$29.50 and up

New Fall Coats

Which are appropriate with any sort of dress from the Morning Dress to the soft silk for evenings.

It would be no hardship to make one Coat answer every purpose. They are individual designs—elegant fabric and splendid tailoring.

That one may secure this distinctive smartness at notably moderate price is indeed a satisfaction.

At \$17.50 and up

New Fall Plaid Wool Skirts

And the right Blouses to accompany. The material is exceedingly fine, the plaid exceedingly smart, plaits and panels, novel and charming in the skirt.

At \$9.90 and up

New Fall Blouses

Of Georgette crepe are especially smart and remarkably attractive.

clerk of said city and also made a
part of the petition in this pro-
ceeding; and said city having ap-
plied to the county court of Mor-
gan County, Illinois, for the con-
firmation of the assessment of
the cost of said improvement ac-
cording to the benefits; and an
assessment therefor having been
made and returned to said court,
the final hearing thereon will be
had on the 26th day of August,
A. D. 1920, at 9 o'clock A. M. or
as soon thereafter as the busi-
ness of the court will permit, and
all persons desiring to do may
file objections in said court be-
fore said date, and may appear on
said hearing and make their de-
fense.

It is further provided by said
ordinance that said assessment
shall be collected in ten (10) in-
stallments with interest at the
rate of five per cent per annum,
as provided by law.

"JUST ONE" GETS
RESULTS EVERY TIME

Only Laxatives That Keep on Giving
Satisfaction and "Never
Wear Out"

The same identical result from
the same dose, now or after years
of use, is what you get from "Just
One" that no other laxative can
offer.

"Just One" cannot wear out or
get your system accustomed to it,
as other laxatives always do. You
don't change from "Just One" to
something else, because you are
already changing with every dose
of "Just One" that you take.

Twenty tablets, alike in appear-
ance, but each a different laxa-
tive, and acting upon different or-
gans or sets of organs, in each
box of "Just One." You cannot
make the same kind twice from
the same box, so you cannot get
your system accustomed to and
unresponsive to these tablets.

That's why "Just One" never
wears out.

Keeps your whole system ac-
tive and uncongested instead of
pounding upon one organ all the
time. This is the ideal, the mod-
ern, the scientific way.

You'll want "Just One," of
course. Any drugist anywhere
can get "Just One" for you or
we will send it postpaid upon re-
ceipt of 25¢ per box. Ferritons

Daily Market Report

WHEAT MADE LIVELY
ADVANCE YESTERDAY

CHICAGO, Aug. 12.—Wheat
made a lively advance in price to-
day stirred on by general belief
that a big export business was
being done. The market closed
strong, 5 1/2 to 6 1/2¢ net higher,
with December \$2.44 to \$2.45
and March \$2.47. Corn finished
2 1/2 to 4 1/2¢ up; oats unchanged to
1/2¢ higher and provisions varying
from 10¢ decline to a like ad-
vance. Opinion was widespread
that foreigners were buying and
under cover in the wheat trade and
the fact later developed that the
British royal commission had pur-
chased some wheat and was bid-
ding for more. Knowledge that
Great Britain had re-entered the
market had a decided bullish in-
fluence and so too did a notice-
able unconfirmed gossip was cur-
rent that South America as well
as Europe was buying wheat in
the United States.

In this connection it was said
shipments out of Argentina this
week were expected to be only
about 500,000 bushels as against
4,400,000 bushels last week.

Corn rose with wheat and as a
result of a falling off in receipts.
Oats were firm, owing chiefly to
strength of other cereals.

CHICAGO GOLFER DUPLICATES RECORD

Jock Hutchinson Makes Another 69 With a total of 145 Strokes—Western Men and British Players Held Honors at Close of Day's Play.

TOLEDO, O., Aug. 12.—Western and British golfers held honors tonight at the end of the first 36 holes of the national open golf championship at Inverness club, Jock Hutchinson, of Chicago, repeating his record of 69, this morning and adding a fair 76 strokes for a total of 145 strokes. He was closely pressed by his fellow townsman, Leo Diegel and James Barnes of St. Louis with 146, while Harry Vardon and Edward Ray of Great Britain and Walter Hagen of Detroit, registered 147.

Chick Evans, formerly national champion led the amateurs with 74-76-150, tying with his partner Bob McDonald of Chicago and being only one stroke higher than Eddie Loose, another Chicagoan. Evans might handily have led the field but missed putts on the first round and two missed iron shots on the 35 and 36th holes where he scored 6 and 5.

Bobby Jones of Atlanta required 152 for the double round of the links. His driver refused to work well at times and his putter also developed a halting motion. Randolph Knepper of Sioux City who led the amateurs in the first qualification round finished well up in the list with 153.

Many scores were surprisingly high today many experts going above 80 in either one round or the other and several in both rounds.

Aside from Evans, Jones and Knepper, the amateurs did not do so well today.

Hutchinson and Hagen the last pair to finish drew the largest gallery all day. Hutchinson reeled off the first nine in 33 bettering par by two strokes. He could not improve on par coming home but he made a spectacular finish to keep under 70. His drive was 230 yards but he sklopped his 100 yard mashie approach landing on the edge of a trap. He chipped to within 7 feet of the flag and his putt circled the cup on the side hill and fell in from the rear side. He pleased the gallery by his finish on the final hole again in the afternoon by driving 300 yards to the edge of same trap.

Hagen played splendidly but his 74 in the forenoon was overshadowed by his partner's 69. They both shot 27 on the third nine and Hagen won back three strokes by excellent work on the last lap.

Barnes and Vardon also had a large gallery and displayed some excellent shots.

THOMAS W. MURPHY

FAMOUS DRIVER HURT

Injured When Horse Falls in Front of Red Russell—Had Broken World's Record With Peter Manning in 2:17 Trot.

NORTH RANDALL, CLEVELAND, O., Aug. 12.—Thomas W. Murphy of Poughkeepsie, N. Y., famous owner and driver, after having a field day at the Grand Circuit meeting, capturing two of today's three big stakes suffered injuries which will keep him out of the sulky for several weeks.

Murphy drove Day Star, the winner of the championship steeple chase valued at \$10,000, establishing a season's record for three year old trotters and then broke three world's records with Peter Manning which he drove in The Press \$5,000 purse for 2:17 class trotters.

In the first heat of the next race he sustained two broken ribs and hip and body bruises in a collision.

Murphy won the stallion stake in two straight heats.

He then took The Press stake with Peter Manning in three straight hard fought heats. Peter Manning went the first heat in 2:04 3-4, breaking the world's record of 2:05 1-4 for 2:17 class trotters. He broke his new mark in the second heat making the mile in 2:03 1-2; the third heat in 2:08 and established a new world's three heat record for the class.

The collision occurred in the 2:09 class trot in which Murphy was driving Red Russell. Near the three quarter pole Betty Thornton slipped and fell. Red Russell, close behind went into the overturned sulky. Murphy being thrown to the ground. Ed Geers driving Mamie Locke, could not turn out in time and horse and sulky went over. Murphy who was picked up unconscious and removed to a hospital.

RESULTS IN SEMI-FINAL ROUNDS OF TENNIS PLAY

Newport, R. I., Aug. 12.—Richard Harte and R. Norris Williams II, Boston tennis stars, easily defeated W. F. Johnson and S. W. Pearson, middle state's champions in the semi-finals round of the doubles today at the annual Casino lawn tennis tournament. The match was won in straight sets, 7-5, 6-2, 6-3.

Williams played a faster and better game than he did in the morning when he went down to defeat in straight sets in the singles against National Champion William M. Johnston.

Inner Tubes Free

The Proposition Is Just This:

Kelly-Springfield

Firestone, Goodyear, Federal

With every tire purchased at this special sale I will give you absolutely FREE an inner tube of the SAME MAKE as the tire you select. This represents a saving to you from \$3.25 to \$9.75 a casing, according to the size and make.

I will give you your choice of the following makes of Cord or Fabric Casings:

This offer will hold good only a short time and is subject to be withdrawn at any time.

The Tires and Tubes offered in this sale are all fresh and new stock; I have no old stock to offer; practically all have been received since the first of the year.

The prices quoted in this sale will be cheaper than these same makes of tires sold for in 1918 or 1919.

Just simply come in, pick out the size and make of tire you want, pay the price of the casing only, and get your
